EXECUTIVE PRODUCERS RENEE BRACK, BRAD CRAWFORD AND CAMPBELL GRAHAM PRODUCED BY KIERAN STANLEY

DIRECTOR OF PHOTOGRAPHY ANITA HAMPSON PRODUCTION DESIGNER CHANTELE JAPARDI EDITED BY PRESTON KNOWLES VISUAL EFFECTS BY BEN HIPWELL

LOGLINE AND SYNOPSIS

Logline: When a magic TV remote goes wrong and accidentally freezes someone, how will 2 friends manage to sort out this conundrum?

Synopsis: Two housemates Harry and Oberon lounge around their living room, bored out of their brains. With little to none food and the TV remote battery running low, they both decide to go to the supermarket. Little did they know, the landlord makes an unexpected visit to the pair and.. lets just say the shenanigans - don't stop.

CAST

Matthew Gray
As
Harry

Ramsey Smith
As
Oberon

DIRECTOR'S STATEMENT

Hayden Huynh

Hi, my name is Hayden Huynh and I am the director of Don't Stop. This is the first time directing fictional piece of film as in the past I have directed a documentary and produced other various film projects. Don't Stop turns a mundane everyday object into a hyperrealistic adventure between two housemates.

This has been an eclectic experience working with different creatives and what they bring to the table. The dynamic and vibrant crew was an absolute pleasure to work with as I got to work with not only people who have high work ethic but I'm also proud to call them my friends.

I wanted to make Don't Stop a universal piece in which audiences from any background can understand and have a good old fashion laugh.

I'd like give a special thank you to our talented actors Matthew Gray, Ramsay Smith and Joshua Lawrence. Their performance brought life to the characters written in the script and made it a spirited on-set experience for everyone.

I'd personally like to thank Anita Hampson, Kieran Stanley, Preston Knowles, Joshua Lawrence, Matthew Burgess, Chantelle Japardi, Ben Hipwell, Tom Paino, Xuan Vinh Huynh & Kousha Kouoshi. I'd also like extend my gratitude to Brad Crawford, Renee Brack, Campbell Graham & Dani Wiessner for their creative guidance.

PRODUCER'S STATEMENT

Kieran Stanley

My name is Kieran Stanley and I was the producer for the film, Don't Stop. This was my first time producing and it was a good and big learning experience. There were a lot of challenges from learning what paperwork needed to be done and how I needed to do it while also making sure the rest of my crew were doing the jobs they needed to have done before the deadline.

Overall this project went really well and I would definitely do it again and with the same crew as we all worked great together and had a good work flow which allowed us to get everything done within the time frame that we had. The team as a whole were amazing and I would highly recommend them to anyone thinking of working with them.

EDITOR'S STATEMENT

Preston Knowles

My name is Preston Knowles and I was the 1st AD & editor for the web series 'Don't Stop'. As 1st AD I was required to be the COVID marshal and to make sure we were sticking to the schedules on set.

As the editor I am required to sync all clips and create an edit that flows well and is enjoyable for the audience to watch. I really enjoyed working on 'Don't Stop' not only because of the hilarious concept but because of the great team around me that made the process so much easier.

CINEMATOGRAPHER'S STATEMENT

Anita Hampson

My role as the Director of Photography for Don't Stop has been an exciting experience for me that allowed me to challenge myself to learn new skills, processes and technology. I enjoyed fulfilling my passion of cinematography and experimenting with the director to create an engaging series and have gained valuable insight into working on projects that are driven by VFX.
